Copy the email text below and use it to contact your potential Craigslist customer via email. Use the customer's name in the subject and sign off with your name.

Subject: Hey, _____

I came across your ad on Craigslist.

I'm a new designer building up my portfolio, so I decided to design you guys some business cards for free.

Could you please give me some feedback on them and let me know if you'd like anything else added to them?

I'd be happy to make any changes for you.

Look forward to speaking with you!
